

UNAUTHORIZED STRIKE OF RAILWAY SWITCHMEN IS STILL UNBROKEN

End of Walkout in Next Forty-Eight Hours
Predicted by Union Officials—Men from
Other Cities Coming to Chicago to Help
Break Strike—Whole Country Affected

CHICAGO, April 8.—The unauthorized strike of switchmen and railroad engineers which started in the Chicago district and spread today to several cities will be broken within the next forty-eight hours, A. F. Whitney, vice president of the Brotherhood of Railway Trainmen and S. E. Heberling, international president of the Switchmen's Union of North America, predicted tonight.

The strike situation in Chicago showed some improvement during the day, but according to Whitney traffic was still less than fifty per cent of normal. One thousand brotherhood men from other cities have answered the call to come here as strike breakers, he said. The railroad officials reported that more engines were operated today than at any time since the strike tied up the switching district.

While conditions here have shown improvement, the strike was spreading thruout the country from coast to coast. Reports tonight summarize the situation as follows:

Chicago:—8,000 men out; freight traffic 30 to 40 per cent of normal; 40,000 packing plant workers thrown out of work with complete suspension of the plants, employing 50,000 men, in prospect tomorrow.

Buffalo:—1,500 to 2,700 men idle; embargo on all freight in effect.

Kansas City:—200 to 500 men out; freight embargo in effect.

Los Angeles:—1,200 men employed by transcontinental lines on strike.

Toledo:—600 men out; complete freight halt within 24 hours predicted.

Detroit:—1,000 men out and 500 more expected to follow tonight.

Gary:—300 to 400 idle; 350 Brotherhood of Railway Trainmen voted to remain loyal to their union.

East St. Louis:—200 out of 5,000 in St. Louis voted to "resign" at midnight unless demands are granted.

Decatur, Ill.:—107 on strike, voted to stay out until demands are granted.

Joliet, Ill.:—50 on four roads strike; Chicago order belt men refused to join walkout.

Springfield, Ill.:—Baltimore & Ohio switchmen out.

Colton, Calif.:—50 Southern Pacific men quit, freight tied up.

Cleveland:—1,500 to vote tonight on strike issue.

Sheridan, Wyo.:—Men voted to remain at work and sent delegation to Chicago to aid in breaking strike.

Niagara Falls:—Switchmen refuse to strike after listening to appeals from 50 Buffalo strikers.

Elmira, N. Y.:—Yardmen of the Delaware, Lackawanna and Western, New York Central and Lehigh Valley vote to go out.

Pittsburg:—2,000 Pennsylvania employees voted to strike at midnight if demands are not granted.

Memphis:—Yardmen on all but two roads entering city voted to strike at 4 p. m. Friday if demands are not granted.

Fort Wayne:—Strike of 3,200 Pennsylvania shopmen believed settled. Strike had no connection with switchmen's walkout.

San Francisco:—20 switchmen quit work.

A free-for-all oratorical contest developed today when S. E. Heberling, international president of the Switchmen's Union, attempted to persuade a meeting of 500 strikers to return to work. Many times the union officer was forced to quit talking while the crowd booed.

"Wall Street" and "Are you with us or against us?" the men shouted as Heberling told them a strike now was unwise.

"Wait and you will get the increase you need in a lawful fashion," he urged. "You are under contract with the railroads and a strike would be unlawful. Do you think switchmen are bigger than the government?"

"Patrick Henry and George Washington were rebels once too," E. E. Kerr, Chicago yard men's association organizer answered. "You say we can't strike lawfully. But what the masses say is law."

In a statement issued tonight in behalf of railroads of the Chicago district it was declared that "reports that 6,000 to 25,000 men in the train service in Chicago are out, are grossly exaggerated."

"These figures greatly exceed the number ordinarily employed in train service in Chicago and an improvement in conditions is shown by the increase in the number of switching crews working."

Officers of the railroad brotherhoods are cooperating with the railroads in efforts to increase the number of crews working and the situation will continue to improve as more men are brought in from other places. The statement de-

STRIKE BULLETINS

WASHINGTON, April 8.—Congress took cognizance today of the strikes of railroad employees which, starting at Chicago, have spread to half a dozen cities from the Pacific to the Atlantic.

Senator McCormick, Republican, Illinois, introduced a resolution authorizing the interstate commerce committee to investigate the walkouts and to report on the causes and merits of the controversies. It was referred to the contingent expenses committee which will recommend whether funds for the inquiry should be voted.

ST. LOUIS, April 8.—Two hundred switchmen in the East St. Louis terminals failed to report for work at 3 o'clock this afternoon after demands for increased wages had been refused. Officials of the St. Louis district yardmen's association said 5,000 switchmen, engineers and foremen would be out tomorrow. "We are just resigning," they asserted.

DETROIT, Mich., April 8.—Approximately 1,500 switchmen and engineers were idle here tonight and nearly every railway entering the city was powerless to move any but perishable freight and passenger trains as the result of the sympathetic walkout of switchmen today.

KANSAS CITY, April 8.—All railroads entering Kansas City and operating under contracts with the Brotherhood of Railway Trainmen tonight were wholly or partially affected by the strike of switchmen which began last night. W. M. Corbett, general manager of the Kansas City Terminal Railway company announced.

ST. LOUIS, April 8.—Approximately 1,200 switchmen employed in the railroad terminals in St. Louis, East St. Louis, Ill., and Madison, Ill., had tonight joined the strike launched at 3 o'clock today according to rail officials. Freight traffic is practically at a standstill they said but an attempt is being made to keep passenger trains running on schedule. All of the engineers and firemen are still at work, they said.

BUFFALO, N. Y., April 8.—Officials of railroads affected by the strike of switchmen after a statement declaring that lifting of the embargo on freight shipments was "not in sight." No demands have yet been presented to the roads by the 2,000 yard employees who walked out yesterday according to the officials although demands for increased wages were drafted at meetings of the strikers yesterday. Union leaders continued today without success their efforts to induce the men to abandon their unauthorized strike. All the railroads reported they were doing 25 to 50 per cent of their normal business.

MRS. WEEGHMAN GRANTED DIVORCE

Chicago, April 8.—Mrs. Bessie Webb Weeghman was victor today in divorce proceedings brought against Charles Weeghman, part owner and former president of the Chicago National league baseball team.

Superior Judge Charles A. McDonald indicated that he would grant Mrs. Weeghman a decree, \$400 a month alimony and custody of Dorothy Jane, eight year old daughter. An additional settlement was said to have been made out of court.

BRING HOME BODIES FROM ENGLAND

New York, April 8.—The transport Nansmond, first American ship from Europe arrived early today with the bodies of 87 soldiers who died in base hospitals in England, during the war. Relatives and friends of the dead, assembled at the dock to receive the flag-draped coffins. It was planned to ship all of the bodies to their final resting places during the day.

clared that "the only workmen who have been brought in are members of either the brotherhood of railroad trainmen or the switchmen's union of North America and they come in response to the appeal of the executive officers of their organizations to help them carry out their contracts with the railroads."

"The strikers are striking against their own organizations as well as against the railroads," the statement concluded, "and the railway companies are relying on their organizations to restore normal conditions under their contracts. This the organizations have promised to do and they are working hard to accomplish it."

FINAL VOTE ON PEACE RESOLUTION BY HOUSE TODAY

Special Rule Limiting
Vote on Draft is
Adopted

DAY FULL OF
STORMY DEBATE

WASHINGTON, April 8.—The peace resolution had passed the half way mark on its way thru the house when the storm of oratory and debate died away today. For six hours it was the center of discussion on the floor yet no one questioned that it would be adopted. The final vote will come late tomorrow.

There was a vote today on adoption of the special rule limiting debate and preventing amendment of the resolution as drawn by the committee on foreign affairs. The rule was carried 214 to 155, seven Democrats joining the Republicans in its support and one Republican opposing it. This was taken to indicate action on the resolution itself, but Republican leaders said mere Democrats would join them on the final vote. One of the Democrats, Representative Huddleston, of Alabama, who voted against the rule, announced that he would support the resolution.

Charges of partisanship ran thru Democratic comment on the resolution. Representative Huddleston noted these but insisted that conscience would not let him "trot along" with his party majority and oppose the peace proposal whatever "company" his decision forced him to keep.

The November elections figured almost as prominently in the debate as did the international situation, war time legislation or even President Wilson's share in the treaty fight. A statement by Representative Pou, Democrat, North Carolina, that the president had been without personal ambition in his actions brought a roar of laughter from the Republican side. It was echoed from the Democratic side a moment later, when to support charges of partisan purpose, Representative Montague, Democrat, Virginia, asked why peace with Austria-Hungary also had not been proposed.

On the technical side of the discussion, the Democrats repeatedly challenged the constitutional right of congress to pass such legislation insisting it was a contemplated invasion of the treaty making powers conferred on the executive branch and the senate.

Historical and legal precedents were marshaled to support this view and authorities on international law were quoted at length. The Republicans quoted other authorities and precedents and maintained that all that was sought was to end legally a war that had in fact ended long ago.

Representative Campbell in presenting the rule, assured the house that there was no intention to permit any other vote than on adoption of the resolution and one vote on recommissioning.

Representative Flood, Democrat of Virginia leading the opposition and not determined to fight the form the motion to recommission, would take. Possibly contain instructions that a substitute resolution, more acceptable to the Democrats be reported back by the foreign affairs committee but there was no anticipation that such a move could be put thru.

Debate will be resumed tomorrow at 11 a. m. It will be concluded at 5 p. m., and will be followed by the final votes.

The vote on the rule, which cuts off amendments to the resolution, included:

For Adoption:
Republicans—Mason, Yates, Madden, Wilson, Juhl, Gallagher, Britten, Chindblom, Copley, Fuller, Graham, King, Ireland, Smith, Cannon, McKinley, McKenzie, Wheeler, Brooks, of Illinois.

Democrats—Hull, Sweet, Hugen, Good, Ramseyer, Dowell, Dickinson, Towner, Green, Boies, of Iowa.

REHEARING REFUSED

Springfield, Ill., April 8.—The state supreme court today refused to attorneys for the state a rehearing in the case of Frank Low, whose conviction in the White county circuit court on a charge of murder was reversed by the high court on the ground that he was insane.

Low, a prominent White county farmer, while he was walking along a highway, shot and killed Max Nottingham, a prominent White county farmer, who was walking along a highway. Carmi last August, Low, was ordered confined in an asylum by the supreme court.

TRY TO BREAK WILL

Chicago, April 8.—The \$200,000 will of John H. Hewitt, who lived as a recluse and died last January was attacked in a bill filed in circuit court today by his daughters, Grace Hewitt Oakley and Jessie Hewitt Wynne.

The bill alleged that when the will was made in 1913, Hewitt was of unsound mind. The will bequeaths \$100 each to the daughters and a son.

SUGAR PRICE INCREASES.

New York, April 8.—The American Sugar Refining Company today announced an increase of one half a cent a pound in the wholesale price of sugar making the present price 15 1/2 cents a pound. Another advance is predicted by the company unless there is a drop shortly in the price of the raw product.

ISSUES PAPER WITH-
OUT ADVERTISEMENTS

outh Bend, Ind., April 8.—For the first time in forty years the South Bend, Ind., Tribune today issued a four page paper. Due to an acute shortage of newspaper it was found necessary to eliminate all advertising and run a straight news folio.

VOLUNTARY TRAINING IS SUBSTITUTED FOR COMPULSORY PLAN

Supporters of Compulsory
Training Give Up Hopes of
Passage of Bill

WASHINGTON, April 8.—Facing certain defeat senate supporters of compulsory universal military training today retreated from pressing the adoption of their plan of four months' training to youths as a part of the army reorganization bill. With this change of front advocates of training shifts their tactics in an effort to obtain acceptance of a system of voluntary training.

It is expected that a vote will be taken on the voluntary training substitute tomorrow. There will be no direct vote on the compulsory plan, if the voluntary plan is adopted.

Supporters of the compulsory training feature expressed the opinion today that its defeat meant the virtual "wreck" of the entire measure. Senator Wadsworth, Republican, New York, in charge of the bill said provision for reducing the regular army to 210,000 men within the next five years would not be practicable with compulsory training rejected.

Senator Frelinghuysen, Republican, New Jersey, a supporter of the compulsory plan offered the amendment for training volunteers. He did so reluctantly, he said, but with other advocates of compulsory training thought that the volunteer scheme was the best that might be had at present.

Debate today was confined entirely to the training schemes. Senator Thomas, Democrat, Colorado, said defeat of compulsory training was largely due to "political cowardice" of members desirous of refraining from supporting it on the eve of election. Senator McKellar, Democrat, Tennessee, declared, however, that "overwhelming sentiment" of the senate against the compulsory plan "compelled its practical withdrawal."

LOWDEN ADDRESSES
ST. LOUIS WOMEN

ST. LOUIS, April 8.—Governor Frank O. Lowden of Illinois, candidate for the Republican presidential nomination in an address here tonight reiterated his charges of governmental extravagance.

He asserted rigid economy was necessary "if the country is to avoid the rocks of bankruptcy."

The governor spoke before the St. Louis Women's Republican Club. Mrs. Fletcher Doherty of Chicago, national woman's director of Lowden's campaign in a speech urged the women to support him.

Lowden reasoned that the heavy taxation was partly due to an unduly large government. He pointed out that the many unnecessary government offices and suggested that many of these offices be merged to reduce taxation "which means reduction of the living costs."

"You can't reduce the high cost of living until you reduce the high cost of government," he emphasized.

URGES INVESTIGATION
OF FRAUD CHARGES

DETROIT, Mich., April 8.—A telegram urging an immediate and thorough investigation into the charges of fraud in connection with the Newberry-Ford senatorial campaign in Michigan was sent to the United States senate elections committee by Henry Ford today.

That the investigation is particularly urgent now because of counter charges growing out of the recent Newberry trial "that I also expended large and unlawful sums" was the contention of Mr. Ford.

"These charges are being published broadcast," the message stated, "For more than a year I have urged this investigation and now I appeal to you personally to order the immediate taking of testimony."

The elections committee which has already ordered a recount in the Michigan senatorial election is scheduled to meet Friday.

REHEARING REFUSED

Springfield, Ill., April 8.—The state supreme court today refused to attorneys for the state a rehearing in the case of Frank Low, whose conviction in the White county circuit court on a charge of murder was reversed by the high court on the ground that he was insane.

Condensed Telegraphic News

(By The Associated Press)

CHICAGO, April 8.—Jean Anne DeKay, who disappeared from Hull House December 30 last and whose body was found in Lake Michigan Monday, committed suicide while temporarily insane, a coroner's jury decided today.

LONDON, April 8.—One thousand and eighty nine outrages were committed in Ireland between January, 1919 and March 29, 1920, according to an official paper which attacked in the House of Commons the Sinn Fein movement. Thirty-one police, military officials and five civilians were killed; eighty one were fired upon, thirty two were assaulted.

BERLIN, April 8.—The Lokal Anzeiger reports another shooting affray at Frankfurt Thursday. A young girl, its dispatch says, was killed and a woman wounded.

PORTLAND, Ore., April 8.—Petitions were being circulated today to place the name of William Howard Taft on the Oregon primary ballot for the Republican endorsement for president.

PITTSBURGH, April 8.—Dr. John A. Brashear, former chancellor of the University of Pittsburgh and one of the most eminent American astronomers, died at his home here tonight after a long illness.

CAIRO, Ill., April 8.—The toll of dead from the explosion at the nitro plant of the Aetna Explosives Company in Fayville, Ill., near here yesterday was increased to five late today when Isaac Howell died in a local hospital from injuries received at the explosion. Howell was employed at the plant as a laborer. Two other men are not expected to live.

SANTA BARBARA, Calif., April 8.—Mercury, a horse entered in the horse show here arrived by airplane from Los Angeles. The trip was made in an especially equipped airplane.

AMERICA'S WHEAT CROP WILL FALL SHORT MANY MILLIONS OF BUSHELS

Various Reasons Given by
Department of Agriculture
for Poor Showing

Washington, April 8.—A severe winter, the headland fly and an unfavorable seeding period caused a heavy decline in the condition of winter wheat in the principal producing states. A department of agriculture forecast today placed the crop at 483,617,000 bushels compared with 731,636,000 bushels last year. The acreage planted was not as great as the year before, but a larger crop than forecast was anticipated.

In the principal producing states—Kansas, Illinois, Missouri, Indiana and Ohio—the condition of the crop on April 1, ranged from 59 to 73 percent of normal compared with a ten year average of from 79 to 90. For the country as a whole the condition was 75.6 percent of normal compared with 89.8 last year and 84.1 the average for the last ten years. The decline from last December was 10 points.

In the great central winter wheat belt the crop condition is very low and considerable abandoned acreage will be shown, according to reports reaching officials here. The percentage of acreage abandoned this year will be reported by the government in May.

There were 38,770,000 acres sown to winter wheat last fall, compared with 42,391,000 acres in 1918 and an average of 32,300,000 acres for the past 10 years.

MAKES ARGUMENT FOR
HIGHER WAGES

Chicago, April 8.—J. W. Johnstone, representing the Livestock Handlers' Union in their demand for increased wages being heard by Judge Samuel Alschuler as arbitrator, declared in summing up the evidence that "American laborers always are being asked to produce more but are not given anything more for producing more."

Before the war, he said, the average laborer "received 17 percent of everything he produced. At present in England they receive 20 percent and in Italy they receive as high as 25 percent."

MANY RENT CASES
HEARD IN NEW YORK

NEW YORK, April 8.—Rent cases heard in New York court this week since passage of anti-profiteering measures today passed the four thousand mark.

Restrictions of rents to 25 percent more than those paid a year ago caused such joy among 500 tenants in a Bronx court that Justice Robitsek broke his gavel in celebrating order.

Tenants who had been ordered out of their apartments because they would not pay the increases sought by the landlords howled with glee, applauded the judge and issued landlords when eviction proceedings were dismissed.

AGRICULTURISTS MEET

Chicago, April 8.—Problems pertaining to agriculture were discussed at a conference today of agents of the farm advisers bureau. The question of adequate mail production and of overhead conservation were considered. J. D. Billsborrow of Urbana, Ill., presided.

FIRST NEW BASIC LAW IS WRITTEN INTO NEW STATE CONSTITUTION

Delegates Agree Upon Military
Section After Long
Wrangle

SPRINGFIELD, Ill., April 8.—After a long parliamentary wrangle upon the method of procedure in the consideration of proposals the Illinois constitutional convention today agreed upon the military section which will be incorporated in the new basic law.

Conscientious objectors will not be exempt from service which the government shall decide is non-combatant according to the terms of the proposal. The general assembly is permitted, however, to exempt those having conscientious scruples from bearing arms.

The delegates who spoke on the proposal all favored requiring some kind of service from conscientious objectors. Delegate Thomas Rinkner of Carlinville declared that if he had the power all conscientious objectors would be detailed as stretcher bearers in active engagements.

Favorable action on a plan for a rural credit system to extend loans to persons developing farms was taken by the committee on agriculture. A proposal for such a plan was adopted by the committee 13 to 2. Delegates Frank S. Whitman of Belvidere and Charles H. Ireland of Washburn voted in the negative. They declared they would carry their opposition against the plan to the floor of the convention.

The public works committee drafted a proposal to prohibit the sale, lease or other disposition of the Illinois and Michigan Canal or other waterways without an affirmative referendum vote. The proposal would also permit the lease of water power and water power sites provided a revaluation of the sites is made every ten years. The bill rights committee heard arguments of several persons who favor striking from the preamble of the constitution the words "grateful to Almighty God." Among those who spoke in favor of eliminating all reference to God from the constitution were Dr. Anna Blount, Edward Morgan, W. M. McCluskey, R. J. Cooney and H. Percy Ward.

The initiative and referendum committee received the outline of a plan for an I & R proposal from Captain Charles Merriam of Chicago. The plan was discussed at a lengthy meeting and will be considered further at another meeting to be held next week.

WOMAN'S CLUB AID
ILL. COLLEGE CAMPAIGN

Organization Pledges Moral Support and Authorizes Pledge of \$25 Toward the Fund.

The members of the executive board of the Woman's club held a special meeting Thursday afternoon at the Ayers National bank building. The purpose was to take action with reference to the Illinois college campaign. By unanimous vote the board gave the campaign its moral support and pledged the moral support of the Woman's club toward the present endowment effort.

A resolution was spread upon the records, signed by Mrs. O. F. Bufile as president and Mrs. H. A. Perrin as secretary, expressing the good will of the club and its belief in every educational effort.

As an indication of this good feeling the board voted a contribution of \$25 toward the fund. Members of the board in their resolution sought to have the college authorities and the public understand that the sympathy of the club is entirely with the movement and that the members as individuals will be glad to give all possible support.

PARDON APPLICATIONS
WILL BE HEARD

SPRINGFIELD, Ill., April 8.—Applications for pardons for a number of convicted murderers will be heard by the state division of pardons and paroles at the regular quarterly meeting which will be held Tuesday and Wednesday, April 13 and 14.

The cases which will be heard include the following:

Hal Borer, sentenced by Johnson county for a term of 30 years in January, 1917; Joseph Causey, St. Clair county, 14 years, January, 1917; James Freeman, Jackson county, life, November, 1911; Peter McElroy, Williamson county, life, June, 1909; Raymond Manley, Saline county, life, December, 1914; Fayette Parker, St. Clair county, 14 years, September, 1917; George Roberts, St. Clair county, 14 years, September, 1917; Mike Russo, Williamson county, life, Sept. 1912; James E. Sanders, Clinton county, life, May, 1904; William Simmons, Clinton county, 50 years, May, 1905; Dee Smotherman, St. Clair county, 14 years, September, 1917; Horace Thomas, St. Clair county, 14 years, September, 1917.

INCREASE CAPITAL STOCK

Jefferson City, Mo., April 8.—The Missouri public service commission today authorized the Northwestern Bell Telephone company to increase its capital stock from \$30,000,000 to \$200,000,000 for the purpose of taking in the Oklahoma and Texas Bell companies. All systems are owned by the American Telephone & Telegraph Company.

STEPS TAKEN BY FRANCE OPPOSED BY HER ALLIES

Sending Troops Into
Ruhr Causes a Delicate
Situation

PREMIERS IN
CONFERENCE

LONDON, April 8.—(By The Associated Press)—After a long conference before the French ambassador Paul Cambon, and Premier Lloyd George today and a full discussion of the Franco-German incident by the cabinet council, at which the French view was fully explained to the British ministers, an authoritative statement was issued to the effect that France acted entirely on her own initiative in deciding to occupy German towns; that Great Britain, the United States, Italy and Belgium were all opposed to the plan, and that France's action has caused a delicate situation.

The matter is under discussion of the British and French governments and the hope is expressed that the situation may be eased. The statement reflects various expedients suggested for dealing with the Ruhr situation, among others the sending of allied officers with the German troops to supervise the German withdrawal.

Another alternative was that the decision should be left with the German government with the stipulation that unless the status quo was sufficiently restored the allies themselves would occupy German points to enforce their demands.

The statement proceeds: "The German government appears to have acted precipitately and France to have responded by adopting a plan which was only intended as a last resort method and even then to have been the affair of the allies and not of any one of them simply."

Great Britain, Italy, Belgium and the United States, it is declared, all felt that lack of restoring order should lie with Germany and all were opposed to their regular forces being called upon, except as a last resort to undertake what are virtually police duties.

It is pointed out that France feared some ulterior motive on the part of Germany and doubtless acted in good faith, but adds the statement, "the immediate result is that the responsibility for her action cannot be shared by the allies as a whole, and certain there is no intention on the part of the British government to allow British soldiers to act as police between hostile German factions and incur all the odium of such a position to say nothing of its risks."

The statement concludes: "If and when France's suspicions of Germany's ulterior motives and deliberate flaunting of the terms of the peace treaty become accomplished facts the allies would doubtless be prepared to act instantly and vigorously in concert to vindicate the position and respect for the provisions of the treaty. But for the time being it may be taken that the British soldier will participate in the occupation of German cities in the neutral zone."

TELL THE U. S. ABOUT LOWDEN
It is probably not a breach of
political etiquette for Major Gen.
Leonard Wood to present his
name to the people of Illinois in
the primary election. But it is
noteworthy that no other candi-

in an effort to wrest approval at
the polls away from Gov. Lowden.
There is no gainsaying the state-
ment that if Gen. Wood is given
a majority vote in this state next
Tuesday that the result will be
a hard blow at the Lowden candi-
dacy.
So it is not surprising that the
supporters of the governor are
rallying strongly to his support
all over the state and are seek-
ing to impress upon voters the
thought that much depends upon
Tuesday's primary result, even if
the vote is only advisory.
The names of no Wood electors
will appear upon the ballot but
if a majority of the popular vote
should be cast against the govern-
or in his home state, certainly
the effect would be very bad else-
where. Such a result would con-
vey the idea that Gov. Lowden is
not strong in his own state—that
his record is not approved by the
people who know him best and
who are therefore most familiar
with his characteristics as a man
and as a public official. There
should be a large vote at the pri-
maries Tuesday and Gov. Lowden
should be given the hearty
endorsement to which his record
entitles him.

MORGAN COUNTY MEDICAL SOCIETY
Held Regular Meeting Thursday
Evening—Paper Read by Dr.
King on Quarantine Regula-
tions—Society to Assist Sewer
Committee.
The regular meeting of the
Morgan County Medical society
was held at the Peacock Inn
Thursday evening. Luncheon was
served at 6:20 o'clock and the
meeting followed. Dr. Walter L.
Frank, the president, was in the
chair.
A letter was read from A. C.
Metcalfe, secretary of the citizen's
special sewer committee relative
to health conditions.
The committee asked the
society to furnish them with the
number of cases of typhoid fever
in the city during the past ten
years. The committee also asked
for data as to whether there was
a tendency for it to appear in par-
ticular localities and as to
whether it was more prevalent
where there was no sewerage. A
number of other questions per-
taining to the disease and gen-
eral health conditions also were
asked.
The society named Dr. A. M.
King and Dr. E. L. Crouch as a
committee to assist in securing the
data asked by the committee. The
society also offered the services
of its members to the sewer com-
mittee to assist in any way they
can in the work being carried on.
A paper was read by Dr. A. M.
King, city physician on "Quar-
antine Regulations of the State
Board of Health and City Health
Authorities."
The members present were:
Drs. Cole, Black, Bradley, Norris,
Thompson, Baxter, King, Wolt-

INCREASING PRODUCTION MAKES NECESSARY NASH FACTORY EXPANSION
Increasing demand for products of The Nash Motors Com-
pany is reflected in substantial additions to the great plant at
Kenosha during the past year. It is in this factory that Nash
six cylinder cars and Nash trucks are built, the new plant in
Milwaukee, now under construction being planned for the ex-
clusive production of the Nash Four.
An important addition to the factory is found in a building
120x120 which was added to the large foundry. There also
has been constructed a foundry warehouse and pattern storage
80 by 100 feet. Other new buildings include a new roller
bearing tool room and pattern shop, 100 by 600 feet and an
addition to the sheet metal shop measuring 32x236 feet.
Under construction now are a new boiler room 50x50 feet
and an addition to the heat-treating department measuring
40x140 feet.
The construction of all these buildings is thoroughly mod-
ern and was carried out without interruption to work in the
busy Nash shops.
There are in operation in the Nash factory over 1,500 pro-
ductive machines and over 300 factory maintenance machines;
the plant embraces 1,011,332 square feet of floor space and in
the power plant which keeps the machinery in operation, 120
tons of coal are used every 24 hours.
Five thousand men are on the payroll of The Nash Motors
Company.

150 POUNDS OF CALF MEAL OR GALLONS OF MILK?

THE fact that many thousands of America's farmers raise all their calves on Blatchford's Calf Meal—and have been raising them on it for years—PROVES CONCLUSIVELY that calves THRIVE on it.

Blatchford's Calf Meal

Every pound of Blatchford's Calf Meal makes one gallon of rich milk-substitute. With milk selling per gallon for about four times the cost of Blatchford's Calf Meal per pound, a wise and economical thing to do is to raise your calves on Blatchford's.

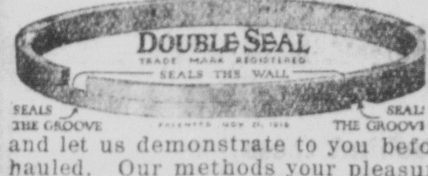

WHY NOT test the "Blatchford Way" this spring? Try it on one calf only. You will find that at least MAKE THE TEST. You are certain to be entirely satisfied with the way your calf will grow and develop—and the money you will save will open your eyes to the fact that the "Blatchford Way" is the sensible way, the economical way, the right way.

Sold in 4-lb. cartons, 25- and 50-lb. bags. Manufactured by the makers of the world-famous Blatchford's Calf Meal—Blatchford's Calf Meal Company, Waukegan, Ill.

PHI ALPHA AGAIN WINS ANNUAL DEBATE

For Fifth Consecutive Time Triumphs Over Sigma Pi—Decision to Judges Two to One in Favor of Phi Alpha—Societies Held Love Feast Afterward.

Phi Alpha won for the fifth consecutive time the Annual Joint Debate with Sigma Pi last night. The Chapel in the Jones Memorial building was filled to overflowing with an enthusiastic audience. The interest which was evidenced was ample proof that Illinois College is one of the few colleges in the country in which Literary societies still play an important part in the college, and that debate is still a real part of college life.

The question for debate was "Resolved that Labor Disputes Within Public Utilities Should be Settled by Compulsory Arbitration."

The affirmative was upheld for Sigma Pi by Franklin Scott, William Scott and Bernard Frazer.

The negative was upheld for Phi Alpha by John Martin, Arnold Hegstrom and Ivan Rossiter. Rev. W. H. Marbach and Professor Swift of Jacksonville and J. J. Neiger of Virginia, judged the debate.

The decision rendered was, Affirmative one, and Negative two.

These two teams will represent the college in the triangular debates with Monmouth and Augustana Thursday, April 8. The affirmative team will debate the negative team of Augustana in Jacksonville and the negative team will debate Monmouth college at Monmouth.

They will also represent the college in the debate Friday, April 23 with Carthage college. Following the debate Phi Alpha the winner of the debate adjourned to the Society hall and held a love feast. Speeches were made and songs and other manifestations of joy prevailed.

The Sigs also adjourned to their hall and spent some time in singing songs and talking. Edward Tomlinson, president of the society presided and addresses were made by Ensley Moore, one of the war horses of the society, Coach Harmon, Dr. Garm Norbury and Morrison Worthington, and members of the debating team. The Sigs were not downhearted and pledged themselves to come back again next year. Refreshments were served.

BAPTISTS WILL RAISE GREAT SUM

The Morgan-Scott association of the Northern Baptist convention has taken for its quota in the \$100,000,000 campaign for the new world movement \$144,120.

The Jacksonville Baptist church has been assigned \$35,089 and according to A. A. Curry, Morgan county campaign director the Illinois Baptists in this territory have indicated by their enthusiasm that the drive for this sum will be a success.

The quotas for the various churches of Illinois, in which \$7,198,000 will be raised to finance one of the greatest projects for the spreading of Christianity were determined in Chicago following a three day conference of all County and Association representatives who gathered in the Great Northern Hotel.

J. G. LUCAS TO SPEAK AT COURT HOUSE

There will be a mass meeting at the Court House tonight at 7:30 o'clock when the Hon. J. Gray Lucas, of Chicago, will speak in the interest of Maj. Gen. Leonard Wood.

Mr. Lucas is known as an orator of exceptional ability and it is said that those who hear him always feel amply repaid for going to hear him even tho they may not be in accord with his views. He is at present assistant corporation counsel of the city of Chicago, and is an ex-member of the legislature.

A telegram was received by friends in the city late yesterday afternoon stating that Mr. Lucas would be in Jacksonville tonight which accounts for the short notice given.

ALL READY FOR I. C. BANQUET TONIGHT

All arrangements have been completed for the Illinois College dinner to be given tonight at Central Christian church. Alumni and friends of the college to the number of several hundred will be in attendance and altho the special campaign for the college will not be inaugurated until next week some of the campaign plans will be discussed after the general program has been carried out.

This is not a meeting for solicitation but primarily a gathering of alumni of the college. Tickets may be secured from W. G. Goebel, A. C. Rice or Carl E. Robinson, and persons who expect to attend and who have not yet made reservations should do so this morning. A program of great, general interest has been arranged.

Practical Power Farming

No more is there any argument about Power Farming. It is here to stay but it has been left for the TO-RO to lead the way to motorize the farm.

Why talk about Power Farming if you can only do 50% of your work with Power and have to keep horses to do the balance.

The To-Ro Convertible Power Cultivator fills this gap—making it possible with this wonderful Two in One machine to do all your work. It cultivates corn, potatoes; seeds; harrows; pulls a binder, hay loader, and any other implement; plants your corn, etc.

Then easily converted into a small tractor at low cost—it will do your plowing, hauling, discing, harrowing, mowing, feed grinding, corn shelling and pumping.

Just the small tractor you have been looking for to work your orchards and vineyards.

Its narrow width, light weight and power at the draw-bar makes it ideal for these purposes.

If you own a plow tractor you need a To-Ro Power Cultivator. It will not only do your cultivating at a big saving of labor and time, but will do many jobs on the farm more economically and better than you can do them with your heavy tractor.

If you do not own a tractor then you need a To-Ro with the convertible feature.

We are not offering you a combination or a make-shift; neither are we offering

you an experiment. We have not spoiled the Cultivator to make the Tractor—each machine is complete in itself. Note the completeness and beauty of design of each machine.

There is a real factory behind these machines owned and operated by experienced men who know the game. Our engineers are not inventors but practical men who have supplemented their technical education by actual experience in operating a farm. Our chief engineer, after graduation, operated a farm for 6 years. He knows the needs of the farmer.

The To-Ro is built not only to stand up and give service but with a view to ease of operation. The best of material and workmanship enter into its construction. It is equipped thruout with the bent anti-friction bearings money can buy. All gears are enclosed and run in oil. No chains or open gears to cut out and give trouble.

—The To-Ro Cultivator has been successful in the field.
—First—Because it will do the work it is intended to do.

—Second—By reason of the pivoting drive wheels—enabling the operator to get quick action on the gangs and to guide his machine with ease, in fact, to cultivate better and faster than with horses.

—Third—Because all levers are within easy reach of the operator—simple and effective.

—These are but a few of the many exclusive features of the To-Ro Power Cultivator, as we can tell you but little of this splendid "Two in One" machine in this space. Call in and see us. We will show you.

ABLE SPEAKERS DISCUSS WORLD CHURCH WORK

Strong Address Delivered on Various Phases of the Work—United Effort is Urged by Various Speakers.

Although weather and roads were so unpropitious nearly every part of the county was represented yesterday at the inter-church world movement meeting at State Street church. The idea is tremendous and calls for the best there is in all the forces for good. The church was well decorated with banners setting forth the aims and plans of the mighty enterprise and all present entered fully into the spirit of the occasion.

Among the notables present were Rev. J. O. Kirkpatrick, district chairman, Rev. E. B. Landis, state worker, and in addition to these and constituting the team were Rev. S. M. Campbell, Galesburg; Rev. Henry C. Miller, Aurora; Mrs. Ada Hayes, Moline. There was also a good quantity of literature illustrating the work and details in carrying it out.

Rev. J. O. Kirkpatrick called the meeting to order and requested Rev. S. M. Campbell to conduct devotional exercises after which Mr. Kirkpatrick made a masterly address on the great work. He said in brief:

This is a mighty movement to win the world for Christ. It is meant to embrace all Protestant

denomination in one huge clearing house and in a sensible, business like, practical manner reach out after the unchurched and bring them into the fold. No nation is to be left out and no community neglected.

Heretofore there has been too much selfishness and exclusiveness among the churches. We might almost hear some say that God so loved the Anglo-Saxon race that He gave etc. Others might say that salvation was for some particular denomination or caste but now all this is to be put aside and all are urged to get behind this mighty movement and as one man work for the redemption of the world.

Think what our ancestors were. The Vikings were the worst butchers of the world; the Saxons reveled in blood and what the gospel has done in civilizing a people of mankind we hope may be done for all.

How different were the Africans from our own ancestors. When we recall the atrocities of the slave trade and treatment of those in bondage it is a marvel for had they been given to revenge hardly a person would have been left to tell the tale in the south during the civil war but not so; never did the bondman turn against his Master but on the contrary were his protectors.

Think of the conditions in Ireland when St. Patrick went there as a missionary. Think of Iona and the monk St. Columba and the cruel manner in which hundreds in that lonely place were ruthlessly slaughtered by the Vikings.

Must Get World Vision. Christ saw the world in Gethsemane and gave His precious life that it might be saved and as the Master saw down the ages shall we not imitate Him and get a world vision too? Here is a grand opportunity for men and women in all stations of life. As

in the great world war the slogan of the soldiers was "On to Berlin" so now let us sound for the slogan, the world for Christ.

E. E. Breathwaite of Chicago then spoke at length regarding the financial aspects of the work.

Breathwaite Talks. The manner in which a man gives is a measure of his spirituality. We need to be more systematic and consecrated in our giving. The tithe system is very good for it teaches regularity. We are all more or less creatures of habit and when once we get the habit of regular giving it comes easy and as a matter of course.

The finances are only temporary but the work is permanent. The work calls for \$25,000,000 and needs cooperation and faith. The local churches must get behind the movement and see it through. We need organization and the help of men and women not church members. A few cents from each one regularly paid would accomplish the whole purpose. The speaker then went on to outline the manner of community and church organization to accomplish the great result.

Afternoon Session. The first number on the afternoon program was an address by Rev. A. A. Todd, D. D., on the county survey by which church conditions in various counties are investigated. His remarks disclosed a startling condition of affairs. He said in part:

The three great objects of team work are religious, social, economical and educational. A beginning has been made but much is yet to be done. The counties are like patients whose troubles need to be diagnosed by a doctor. Home religious life is all important for so many town and city people come from rural homes and need suitable education when young. Some towns have no many churches and some not enough.

We find overchurched territory, unchurched territory and all need attention. In one county there is a town of 7000 population and but one church. In one county one man in fifty is a church member; in one of 750 business men but 14 of them are church members. In one county there are 71 churches of which 34 are one room and wholly inadequate; in one county 27 members worked a year and one soul was brought in; in one county of 91 churches ministry in ten years; in one county of 16 churches six are pastorless.

Departmental Work. Rev. E. B. Landis discussed composite, departmental work. He said in brief. We need in this work men who have made it a life study and are acquainted with the needs and methods of work. Look at the posters and see the stories they tell. Have them in your towns and in your homes. I hope from this county many will go forth to the work in the various fields.

I resigned my pastorate at the call of duty to engage in this work. We need 100,000 young men and women recruits to be missionaries, ministers, trained nurses, teachers and leaders. Jacksonville is a city hard to get out of old ruts to new methods. In Africa, China, Corea, Japan and elsewhere are vast fields and into some of them Mohammedanism is pushing its way and Christianity must be equally aggressive.

Rev. C. G. Cantrall, Concord, said: We need money and in addition we need more consecration. After attending a meeting at Chicago I came home more determined than ever to do all in my power for this great cause. We need more of Christ in our homes and everywhere else. The outlook is good but service must be our motto.

Foreign Missions. Rev. S. M. Campbell, Galesburg, told of the foreign missions survey. He said in part. The interchurch work is for the world. In the world but one in nine men are Christians. After a century of effort in foreign missions but a beginning has been made. In India there are a million and a half converts and 316 millions heathen; in China 400,000 out of 400 million; in Japan 100,000 out of 105 million; in central Africa 500,000 out of 160 million. China is facing a new day and freedom is dawning but without the influence of Christianity the result will not be for good. Japan is progressive; is introducing western ways and seeks our friends in cooperation; she has schools, colleges and a great army; what will be her future steeped as she is now in paganism? In Africa there are six million missionaries for 80 million souls.

In my city a young man came to me and said he wanted to be

a missionary but he didn't have a high school education and I was compelled to tell him it was hopeless. He was a printer by trade and a good workman. Not long after a missionary on furlough visited me and remarked he was seeking a doctor and printer to take back with him. At once I told him the printer. He dropped his knife and fork as he sat at the table and asked me if I meant it. I told him of the young man; he was summoned by telephone, made then and there the arrangements, went along doing grand work and after three years I heard from him of his splendid accomplishments in the field. Fifty years ago Dr. Clara Swain went as a medical missionary to India and it was wonderful innovation.

Only Religion Will Help.

Poor distracted, starving and devastated Europe can only be helped by adherence to the law of Christ. Look to the south of us and contemplate conditions in Mexico, Central and South America and see how the gospel is needed to foster virtue and morality; have schools for the masses, churches and a general uplift of the people.

All these conditions the inter-church movement is intended to ameliorate and God pity the church that stands in the way. Rev. Henry C. Miller spoke on The Power of Evangelism. There is danger of too much emphasizing the financial feature of this great work. We must not forget that with it all we need the spirit of Christ and full change of heart along with all other means of the adopted.

Rev. J. O. Kirkpatrick gave a glowing address on the home survey and told some very plain and homely truths.

Rev. W. E. Spooner, D. D., spoke on the general survey and gave a strong presentation of the need of thoroughly ascertaining all needs and conditions and proceeding intelligently and wisely in the work.

A REMARKABLE RECORD

Rev. E. L. Fletcher, district superintendent of the M. E. district has at Bath, Rev. W. E. Gilmore, a man with a wonderful record. He is about 78 years old, is a veteran of the civil war, has preached fifty years without a vacation, was hurt by an auto accident at conference and has had to take a small charge; has in round numbers delivered 6,500 sermons, has had 1,500 conversions, has lacked \$2,700 of receiving salaries due him which means much when we recall the fact that his stipend has generally been from \$500 to \$800 a year; has had 200 marriages; conducted 500 funerals; has met in annual conferences 38 bishops; has served under 30 different presiding elders; has seen 246 ministerial friends pass away and is today the oldest member of the Illinois conference in point of service.

SERVICE STAR LEGION CANCELLED PROGRAM

It was necessary to cancel the meeting of the Service Star Legion announced for last night at the David Prince school. Mrs. Hartman, who is president and organizer of the legion for the state, was expected to deliver an address but sent a message to Mrs. Frances H. Brown yesterday morning that railroad travel conditions made it inadvisable for her to attempt to reach the city.

The Service Star Legion hopes to arrange for a public meeting at a later time. A regular monthly business meeting of the legion will be held this afternoon at 2:30 o'clock at the public library.

THREE ELECTIONS ON THIS MONTH'S PROGRAM

All State Primary Next Tuesday. Board of Education Election April 17th—Choose City Officers on Following Tuesday.

Jacksonville people will not lack for voting opportunities during the next two weeks. Tuesday, April 13, the regular party primary election will be held. Men and women will have opportunity to express their preference for presidential nominees and delegates to the national convention will be endorsed and members of the county central committee chosen.

On the following Saturday, April 17, the regular spring election for members of the board of education will be held. Three members are to be chosen and the names to appear upon the official ballot which is now being prepared by Mrs. Mary Pierson, secretary of the board, will be H. L. Caldwell, T. V. Hopper and Charles A. Fiedler. There will be blank spaces to permit voters if they choose to write in the names of other persons they may prefer. There will also be a blank space for a presidential candidate as no petition of candidate was filed and in this case also voters may express their wishes by writing in the name of the person they would like to see serve as president of the board for the ensuing year.

Then on Tuesday, April 20, of the following week will come the city election. At that time one alderman will be chosen in each ward. The candidates whose names will appear on the ballot are:

First Ward—Thomas Flynn.
Second Ward—A. E. Williamson.

Third Ward—John D. Cain.
Fourth Ward—T. A. Chapin.

At this election the people will also have the opportunity to vote upon the proposed \$30,000 bond issued for the filtration and power plants.

AN INTERESTING OLD VOLUME

Mr. Charles P. Gillett has presented to the Woman's College library a very old book, which was printed in London in 1723, nearly 200 years ago. It is in a good state of preservation, and has been in possession of the Gillett family for eighty years.

The book is entitled: "The Works of the Late Reverend and Learned William Bates, D. D. containing discoveries on the Existence of God, the Immortality of the Soul, etc. It is Most Humbly Dedicated by the Author's Relict, Margaret Bates, to His Most sacred Majesty, William the Third, by the Grace of God, King of England, Scotland, France and Ireland."

The Woman's College Library is gradually securing a number of very old books and will be well prepared to exhibit them when the new mezzanine floor is in place in the Dr. David Strawn addition. Gifts of books are always appreciated.

AWARDED GRADUATE SCHOLARSHIPS AT U. OF I.

Another honor and recognition of high scholarship has come to the Woman's College. A letter just received announces the award of two graduate Scholarships, one to Esther Wetherlin, and one to Florence Madden. The scholarships are of the value of \$250 and freedom from all fees.

The young women will enter the university next year as graduate students, and will receive their Master's Degree in one year. The university usually awards two in recognition of special high scholarships. This is the second time in the last four years the Woman's College has been so honored.

THE HIGH SCHOOL NAME

Editor Journal: I am in full sympathy with the students of the J. H. S. in their protest against the name of the school being changed. I had a limited acquaintance with Mr. Bateman with whom my father had business dealings a number of times and whom I frequently met with my father in Jacksonville and at my father's home. I am perfectly willing to give Mr. Bateman all the honor due him which I grant is not a little, but I

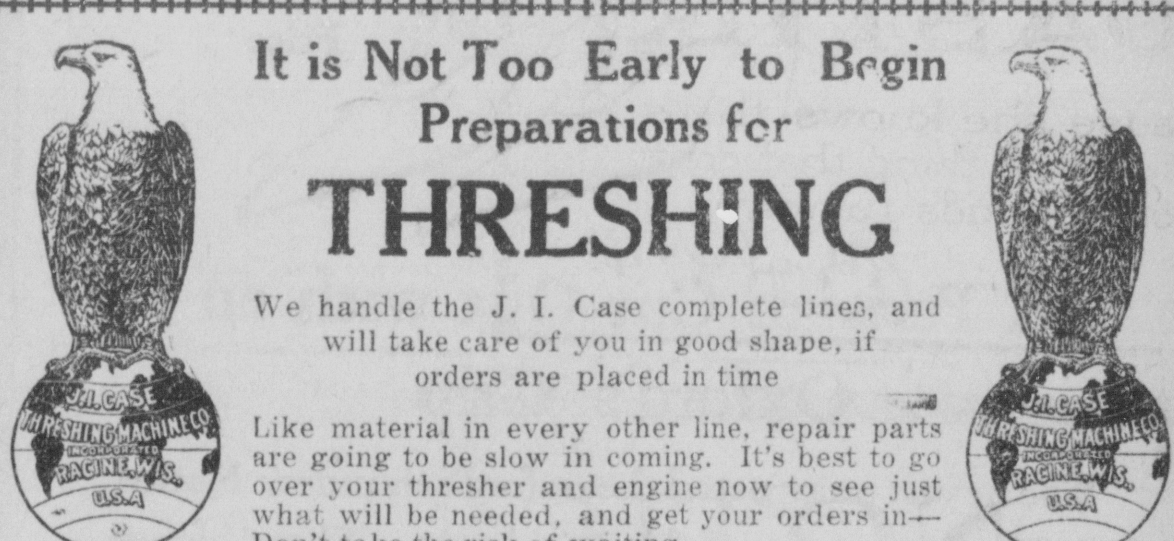

think a plan may be devised for doing that which will be much more appropriate than changing the name of our high school. Samuel W. Carter.

As the bad weather so greatly interfered with the attendance at the Concord M. E. church Sunday night, the Easter program will be given in that church the coming Sunday evening.

A VISITOR FROM IDAHO

A. C. Demary, alumnus of Illinois college, gratified a good number friends by accosting them yesterday. He is now a successful business man of Rupert, Idaho, where he is engaged in the abstract and loan business. He has a daughter in the Woman's College and his wife is at present in Springfield. His intimate friend, H. H. Bancroft had him in hand yesterday and the two had a delightful time seeking old time friends and acquaintances.

WILL RECEIVE BIDS FOR NEW BUILDING

Bids for New Clover Leaf Building Will Be Opened April 20—Company Will Proceed With Work If Bids Are Not Too High

Fred H. Rowe, president of the Clover Leaf Company stated yesterday that bids had been asked for the new building of the company to be in April 20.

Mr. Rowe said that bids would be asked from local contractors as well as those from outside, indicating that he would much prefer that a local contractor erect the building.

Puckey and Jenkins of Chicago are the architects and are among the best known in their line of work in the west. The company hopes that the bids will be such that the work can proceed at once. However, if they are too high it is possible the building will be postponed for a time.

SCOTT COUNTY NOW HAS FARM BUREAU

Permanent Organization Effected at Meeting of Farmers Thursday—Interchurch Meeting Held at M. E. Church—Other Winchester Items.

Winchester, April 8.—Almost 300 Scott County farmers met at the court room Thursday afternoon and organized a permanent Scott County Farm bureau. The total number signing for membership in the new organization was 548, which is the best record made in this part of the state considering the population. Officers were elected as follows:

President—Clyde North, Winchester.

Vice president—O. A. Woodson, Bluffs.

Secretary—John C. Moore, Winchester.

Treasurer—Fred Boester, Bloomfield.

These officers, together with H. H. Kilver, W. H. Robinson, Charles Young, Charles D. O'Donnell and William S. Fletcher, constitute the executive committee.

The speakers Thursday afternoon were V. Vaniman of Springfield, state leader in farm bureau work, and Howard Leonard of Eureka, president Illinois Agricultural Association, and member executive committee of the American Federation of farm bureaus.

A meeting in the interest of the Interchurch World movement was held at the Methodist church Wednesday. A conference was held in the morning, and an afternoon and evening session were also held, with stereopticon slides illustrating the lecture at the latter meeting. Rev. C. W. Caseley presided during the several sessions, and the speakers were Rev. Mr. Nugent, Congregational minister from Kewanee; Mrs. Trueblood of the United Brethren church of Quincy, and Rev. F. G. Day of Chicago M. E. church.

Members of the Christian church planned a very pleasant surprise Thursday for Elder and Mrs. J. H. Coats who are to leave Winchester at an early date. The uninvited guests took with them well filled baskets and the evening was spent in a most happy manner. Mr. and Mrs. Coats have for a long period been active members of the Christian church and their going is a source of regret to many in the community.

Dana Miner of Chicago is visiting his father and sister in Winchester.

The remains of Mrs. John Roe of Roodhouse were brought to Winchester Wednesday on the noon train, accompanied by the undertaker, Mr. Reid, and the children of the deceased, together with the Methodist minister, Rev. A. E. Popping. Interment was made in Winchester cemetery. The funeral party returned to Roodhouse on the afternoon train.

RURAL CARRIER CALLS ROADS WORST YET

W. A. Mason, who is one of the veteran rural carriers of the Jacksonville postoffice, said yesterday that Monday was one of the worst days he had ever experienced in his 19 years of service. The great snow drifts made it impossible to cover all his route and it was only thru persistent effort that he reached any of the route patrons. Even now the roads are in such condition that he is not able to cover the entire route and Allen Scott meets him each day near "the Mound" and covers several miles on horse back. In this way the route patrons are getting their daily mail.

A number of men yesterday made an effort to grade up the road at one point and make it passable but they found the ground so soft that they could accomplish nothing.

J. E. RAWLINGS HELD CLOSING OUT SALE

Has Rented Most of His Land and Will Retire from Active Farming—Sale Totaled About \$1,200.

J. E. Rawlings held a closing out sale at his farm on the Morton road just east of the city Thursday afternoon. There was a good attendance and satisfactory prices prevailed for the offerings. Farm implements especially brought good prices.

The sale totaled about \$1,200. J. L. Henry and C. J. Wright were the auctioneers while Charles S. Black served as clerk. Mr. Rawlings has rented most of his land and will retire from active farming. However, for the present he will continue to reside at his farm home. Some of the buyers and prices follow:

Fred Tendick, bay mare, \$200.
A. L. Holmes, black gelding, \$172.50.
J. W. Arnold, three year old filly, \$82.50; bay mare, \$135.
Harry Norris, horse, \$40.
About two hundred dozen sheep sold at \$9 to 91 cents per dozen.

HON. J. GRAY LUCAS, OF CHICAGO, AN ORATOR OF WIDE REPUTE, WILL SPEAK ON MAJ. GEN. LEONARD WOOD, AT COURT HOUSE, 7:30 TONIGHT. DON'T MISS HEARING THE FACTS.

BRING SUIT TO QUIET FARM LAND TITLE

In the circuit court yesterday Worthington, Reeve & Green as attorneys for W. B. Rexroat, brought a suit directed against Philip Coffman and fifty other persons named as defendants in an action to quiet title to land located in 34-15-10. This property was acquired by Mr. Rexroat August 3, 1919 from Stuart Pierston, executor of the estate of Mary Wood. It is now necessary to bring this friendly proceeding in order to straighten out a number of irregularities in the title to the land.

The lengthy bill recites that in November, 1840, this land was a part of the estate of Matthew Sparks, who had acquired it from William M. Patterson thru a deed dated January 25, 1835. The will of Mr. Sparks was filed in June, 1845, and the record of transfers and ownership is traced in the bill down to the time of Mrs. Wood's death.

As indicated, it was necessary to name more than fifty defendants in the proceeding.

Mr. and Mrs. Andrew Mushalt, of Quincy are visiting for a day or two at the home of John J. Luke-man, 1316 West State street, enroute to Chicago and thence to eastern points. Mr. and Mrs. Mushalt are but recently married and are on their honeymoon.

AGAIN IN ALEXANDER AFTER STAY IN SOUTH

Mrs. Margaret Colwell and Daughter, Miss Anna, Return from Orlando, Fla.—Other News Notes.

Alexander, April 8.—Mrs. Margaret Colwell and daughter, Miss Anna, were expected to arrive in Alexander tonight after a stay at Orlando, Fla. They went to the southern state about the middle of December and have since been sojourning there.

Dr. W. V. Fulton of New Berlin was a professional visitor in Alexander Thursday.

Mrs. Gertrude Berchtold and daughter were Jacksonville visitors Thursday.

Mrs. Henry Strawn of Strawn's Crossing spent Thursday at the home of her daughter, Mrs. C. M. Strawn.

TWO SUITS FOR DIVORCE

A suit for divorce has been filed by Daniel Dillard, alias Daniel Carter, against his wife, Mrs. Mollie Dillard, alias Mollie Carter. The bill tells the facts of the marriage which occurred in 1888 and the wife is charged with desertion in 1905. Wilson & Butler are attorneys for the complainant.

Another suit for divorce is that of Beulah M. Coddington, who seeks separation from her husband, James Coddington. They were married in January, 1918, and lived together until October, 1919. A charge of cruelty is made.

Mrs. Harry Overesch and daughter of Lafayette, Ind., are here for a visit with Mrs. Nellie Hill Brown at Colonial Inn.

The Quality Store

Where Values Are Always Paramount

Value giving requires no demonstration at this store. That has become an established policy in our ever increasing patronage. While it is fair to assume that a fair profit must be had on every transaction—we can frankly tell you that we are selling you many lines of merchandise for less than we can replace them—and the reason is simply this: that we buy immense surplus stocks at the low market and sell them to you at the ratio we bought them irrespective of any future market.

Just now we are accumulating large quantities of Overcoats and other winter goods—for your next winter's price protection.

We prefer to promise LESS and give you more. This invites the patronage of level-headed Americans who buy with their eyes open—men and women who understand the economy of quality—folks who want the best and will pay what it is honestly worth. Men and women who have faith in the concern that asks an honest price—including an honest profit—for earnest goods.

We invite you here for value giving demonstration.

RECENT BLIZZARD DID
NOT DAMAGE ORCHARDS

Indications that Apple Orchards of Greene County Not Damaged By Recent Storm—Mrs. Griswold Answers Final Summons.

White Hall, April 8.—Reports from over this important apple-

growing section indicate that there has been little damage by the storm of Sunday to the apple crop, altho it is early to determine the exact situation, and growers are apparently uneasy at this time. The buds are not believed to have advanced far enough to be damaged, and yet the temperature went down 11 degrees Sunday night on a snow blanket that was five inches deep over this section, forming a protection that may have overcome a probability of fruit damage unless it be to peaches. Previous to Sunday the fruit prospects over this section were at a maximum. The snow of Sunday drifted badly, and in places the highways are blocked on east and west stretches. The C. & A. train that runs between Springfield and Eldred became stalled in a drift five miles east of Carrollton at 7:30 p.m. on the westward trip Sunday evening, and a relief engine and men were sent down from Roodhouse to get it out, which caused a delay of six hours. The train carried twenty five passengers and the situation became very uncomfortable before the arrival of relief on account of the engine on the train running short of water.

necessitating knocking the fire and cutting off the steam heat. This storm is unparalleled for April as far as local records go. On April 22, 1910, a storm set in that produced four inches of snow, and the temperature went down to 23 degrees. Vegetation was so far advanced because of a pleasant March that the damage was practically total.

The death of Mrs. Nancy C. Griswold, widow of the late Loyal P. Griswold, occurred at 2:25 o'clock this morning, after an illness of two weeks with pneumonia. She had resided with her daughter, Mrs. Hattie M. Pinkerton, since the death of her husband, which occurred January 3, 1903. Mrs. Griswold was a native of this vicinity, being a descendant of the well known Swallow family that settled on Apple Creek Prairie in Greene county in an early day. Her parents were Guy and Catherine Swallow and she was born on Apple Creek Prairie, southwest of White Hall, November 27, 1836, her age at death being 83 years, 4 months and 9 days. When she was twenty years of age she and Loyal P. Griswold, three years her senior, were married, and they started out in life for themselves, their marriage occurring December 25, 1856. After residing on the homestead of the then groom's parents for a year, they located at Manchester, where he bought 160 acres of land, which he farmed for six years. This he then traded for 160 acres on Apple Creek Prairie which has since been the Griswold homestead, being occupied at the present time by L. G. Griswold, a son. By dint of good fortune combined with thrift, this pioneer family increased their estate until at the death of Mr. Griswold he was possessed of about 1,000 acres in Greene and adjoining counties, mostly in Greene. They had a family of eight children, four of whom survive, as follows: Mrs. Hattie M. Pinkerton, White Hall; Mrs. L. L. Griswold, Jacksonville; Lucien G., residing on the homestead farm on Apple Creek Prairie and Frank C., White Hall. The eldest of the children was Allen C., who was well known for his banking and industrial connections in White Hall aside from his farming interests, he dying only a few years ago. The other three children died in youth. Mrs. Griswold was a woman of vision and understanding, and she had time for the general welfare of her community aside from the cares of a large family and household, and her greatest monument is in the character of her children, who are enterprising and generous with a wholehearted interest in all that pertains to the general welfare. Funeral services were conducted by Rev. W. R. Johnson of Jacksonville, assisted by Pastor O. A. Caneen in the First Baptist church at 2 o'clock Thursday and burial was in the White Hall cemetery.

SUMMONED TO WASHINGTON
Washington, April 7.—George T. Summerlin, charge of the American embassy at Mexico City has been summoned to Washington, state department officials said today his visit had nothing to do with Mexican affairs and the impression was gained that Mr. Summerlin was slated for transfer to a more important post. Secretary Hanna is acting as charge at Mexico City now.

SUPPOSE YOU ARE SICK ONE WEEK, IN A HOSPITAL, at \$25., for WEEK IN A HOSPITAL, at \$25., for \$21. for a doctor—Total, \$46.

AT HOME, boarding, room, etc., \$10. (very moderate), doctor for the week \$24., nurse, \$35.—Total, \$56., besides the inconveniences, family worry, and risk from interference by all-wise neighbors.

NOW LET'S TAKE the cheaper way at the hospital. In the ward, \$12. for board and general care, doctor, \$21.—Total, \$33.

AT HOME, \$10. for board and room, milk, etc., NO NURSE, doctor, \$21., medicine, \$2. Total—\$33., and take chances with ignorant hands, diet, hygienic care, etc.

I SAY FRANKLY that the advantages are so much greater in favor of

the hospital that physicians ought to insist that patients go to a hospital. NO PHYSICIAN CAN DO his best, for any patient, in the home.

MANY PATIENTS ARE LOST that would have been living today had the advantages of the hospital been accepted.

FINANCIALLY the hospital is the cheaper.

YOU CAN "GO BROKE" and with good health accumulate again, but lose your chances to extend life and you die—there is no comeback then, and the good Lord has never revealed unto us the conditions that you will meet on "the other side."

THE MORAL—When sick go to a hospital and get well, unless you claim Heaven as your home and are getting homesick.

If you have to undergo a surgical operation, then The New Home Sanitarium offers a refuge and the greater protection against disaster—it is an up-to-the-minute Surgical Hospital, for surgical cases only.

CLOVER LEAF NEWS

Hackett Wyder of the farm department of the Clover Leaf has gone to Oklahoma and Texas to consult with general agents of the company on the business of his department. He expects to be absent about three weeks.

E. D. Smith of Fargo, North Dakota, is visiting the home office of the company for a few days arranging to take over twenty counties in northern Minnesota. Mr. Smith is manager of the company in North Dakota. Last year he wrote \$151,000 worth of business for an eastern company.

George H. Haslett has been at the home office making a contract for the eastern half of Michigan for the life business. He will have headquarters in Detroit.

Frank Taylor, formerly district manager of the company at Peoria has signed a contract for the state of West Virginia. The life department last month wrote \$100,000 more insurance than ever before and all other departments showed a corresponding increase.

The Clover Leaf has just started a department for writing factory and payroll insurance. This department issues a policy covering all of the employees of a plant and insures both against health and accident. The officers believe it will prove one of the best features of the company's business when it gets organized thoroly.

MILLIONS
Suffer from
Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, are, in all of these, often be traced directly to acid-stomach. Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloating after eating and sour, gassy eructations. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach troubles. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—they taste good—you eat them like a bit of candy. You get a box from him today and if you are not satisfied he will refund your money.

COLLEGE OF MUSIC

On Thursday, April 29, will occur the annual concert of the American Guild of Organists. Emory L. Gallup of Chicago, one of the most brilliant organists, will present the annual public recital for the American Guild of Organists. This event is eagerly anticipated by all music lovers, and especially by those interested in work on the Pipe Organ. Last year the recital was very largely attended, and this year the program as already submitted, shows a most delightful treat in store for the friends of good music in this city. The recital is free to the public. All expenses connected with it are borne by the College of Music. It is expected that a large audience will greet these out of town artists.

Many will remember with pleasure the delightful recital given by Joseph Bonnet. Since leaving Jacksonville he has returned to New York City and has been giving a number of wonderful concerts in Saint Thomas church. These recitals were free to the public and showed the development of organ music from the very beginning until the present day.

Director Pearson is now planning on the artists that will be brought to Jacksonville the coming year. He expects to confer with Mr. Culbertson in a few days and make tentative arrangements for the appearance of these artists for next school year. It is planned to have a still better and more attractive program for next year.

A general invitation is extended to all friends to be present at the recital by Miss Louise D. Miller on Monday, April 12th. Miss Miller is no stranger to the people of Jacksonville. She has an unusually good program prepared, so that all music lovers are assured of a delightful evening's program.

UNIQUE HOUSE PARTY

An Apron Sociable for the W. R. C. and G. A. R. at Mrs. Angie Weber's Home.

Yesterday afternoon at the pleasant home of Mrs. Angie Weber on West Court street there was a unique and very happy affair. The ladies of the Relief Corps especially entertained the members of Matt Starr Post G. A. R. at an apron social. From the front porch Old Glory floated while within were many decorations of a patriotic character while the grey heads of the old boys were numerous in evidence and all were delighted with the program and bill of fare which followed.

The leading feature was a measuring bee, each gentleman seeing how many inches the circumference of his waist measured and depositing a cent for each inch in the basket from which it went into the W. R. C. treasury to the amount of \$16.60 but if the sum were measured by the good time enjoyed it would have to be several hundred.

After that feature of the occasion had been disposed of a formal program followed:

Reading, "What the Little Girl Said"—Dorothy Dunavan.

Reading, "The Little Bronze Button"—Mrs. J. W. Peaker.

Reading, "A Toast to Old Glory"—J. W. Peaker.

Reading, "The Soldier Tramp"—Miss Mabel Dunavan.

Readings, "Katy's Answer"; encores, "His Sister", "Kilkenny Girl"—Prof. J. H. Rayhill.

A social time followed during which ample and delicious refreshments were served. The hostesses were: Mrs. Angie P. Weber, Miss Josie Jager, Mesdames Belle Hopper, Jennie DeFrates, John McBride, Mary Dunavan, Carrie Brunk and J. E. Wright.

All decorated with loud praises to the kind ladies who had provided such a splendid entertainment.

and sons William and Amos Jr., and daughter Lennie Louise, were Sunday guests of Mr. and Mrs. Vertrees Blimling.

Mrs. Thomas Young and daughter Edith were Tuesday guests of her daughter, Mrs. Harold Hayhurst.

A FINE RESPONSE

A. A. Curry returned yesterday from a meeting of the trustees of Shurtleff college. The institution is launching a campaign for a million dollars and as a beginning the student body pledged ten thousand dollars. A noble response, loyal and true.

Work that really tests your overalls

WHEN you're doing real work—climbing, stooping and bending—

That's when you find out what your overalls are good for—how strong the cloth really is—

That's when they bind if they're not made right.

It's hard work like this that really tests your overalls. And it's for just this kind of hard work that Blue Buckle Overalls are specially made.

"I wear Blue Buckles on every run. They're tough as raw hide and fit easy all the time."

Jack Keler

Engineer of the 20th Century Limited

The toughest, longest-wearing denim goes into every pair—with wide double-stitched seams that don't rip. They are big and roomy with extra wide suspenders. Every detail of Blue Buckles has careful workmanship—a solid back-band, best quality brass buckles and loops, raglan sleeves in the coats, big convenient pockets, and every pocket is reinforced.

SELLS FARM LAND IN SINCLAIR VICINITY

M. L. Richardson Disposes of Tract North of Village to Clarence Maddox—Other Sinclair News Notes.

Sinclair, April 7.—M. L. Richardson has sold his farm four miles north of Sinclair, known as the George Holmes place to Clarence Maddox of Cass county. Possession will be given March 1, 1921.

Edward Hargrove and family motored to Virden recently, returning home Monday by train. They thought it best to leave their car at Virden for a few days.

Mrs. R. W. Foster is visiting with her brother, Samuel Miles, and family in Scott county for a few days.

Charles Winters, who rented a farm three miles north of Sinclair, has sub-leased the place to Charles Lahey and is moving to Ashland.

Albert Langer received eleven milk cows Sunday afternoon from Lockport, to be added to his herd of dairy cows.

I. J. Nissen of Springfield was in Sinclair Monday representing the Noll-Harworth Co. of Quincy.

T. H. Fox, who has been in the hospital at Jacksonville for some time, has returned to his home much improved in health.

Albert Langer, is the owner of a new auto and is now busily engaged in learning to drive it.

Mr. and Mrs. L. L. Hart are the parents of a twelve pound boy, born Tuesday, March 30.

The final examinations for the schools in this vicinity were held at Hebron school Friday. There were nine pupils who took the work.

Mention was made in the Sinclair items two weeks ago of the loss of an auto robe. The same was found by Mrs. A. A. Kane, living two miles west of Sinclair, and upon seeing the notice in the Journal she promptly returned it to the proper person, who highly appreciates the kindness.

WILL DISCONTINUE DELIVERY SERVICE

After Saturday of this week I will discontinue my delivery service. The high cost of maintenance is the main reason for this action. By discontinuing free delivery I will be able to give my customers the benefit of the decreased cost of operating my business which will result in lower prices. I will also have a delivery wagon and horse for sale.

INTERNAL HEADACHE

"CURES" ARE RISKY

so when a headache comes, try Turpo and know that you are using a remedy that gives relief without the slightest risk. It's not an internal medicine that "dopes" your senses or that upsets your stomach. It's a dainty ointment. Rub it on the forehead and temples. It works its way through the skin. You can almost feel it driving out the pain and inflammation. Soon your ache is relieved.

Turpo is Turpentine, Menthol, and Camphor, three old-fashioned remedies, combined in a delightful ointment. Fine for all sorts of pains, wounds, colds, etc. Get it today from your druggist.—Adv.

MAN LOSES HOPE

"For ten years I suffered severely from stomach trouble. The doctors said I had cancer of the stomach and nothing would do but an operation. I took my last round of Mayr's Wonderful Remedy 2 1/2 years ago. Since then I sleep well, eat what I want and feel fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

*Did You Ever Realize What Illinois College is Worth
To Jacksonville and Morgan County in Mere
Dollars and Cents.*

Here Are a Few Hard Cash Facts

More than \$167,000.00 are given to this community annually by the college.

You ask how? In what way?
Read on—

By salaries to instructors and employes.....	\$35,000
By coal, light, repairs, supplies, furnishings, etc.	41,800
By Boys' Co-operative Boarding Club.....	12,000
By crowds to come to football games, track meets, interscholastic meets, etc.....	10,000
By out of town students.....	25,000
By families who move to Jacksonville because of the college, say four families for four collegiate years, or 16 families for any one year, at \$1800 a year.....	28,800
By transient visitors for commencements, concerts, debates, etc.....	5,000

By local students who would have gone elsewhere to college if "Old Illinois" were not here.....

10,000

Total.....How Much?...\$167,000

Think of it! \$167,000—not once in a while—but every year—is the contribution of Illinois College to this community—in cash.

What are the citizens of this community going to do for Illinois College?

Springfield was willing to offer the Wesleyan College of Bloomington \$650,000. to come to Springfield.

The citizens of Jacksonville and Morgan county will surely give \$100,000 to help OUR OWN COLLEGE grow and prosper here.

Car Owners Attention!

Here is a proposition that you never had offered to you before, and perhaps you will never have it offered to you again on standard and well known makes of Automobile Tires, representing four of the larger manufacturers in the Auto Tire Business.

Inner Tubes Free

The Proposition Is Just This:

With every tire purchased at this special sale I will give you absolutely FREE an inner tube of the SAME MAKE as the tire you select. This represents a saving to you from \$3.25 to \$9.75 a casing, according to the size and make.

I will give you your choice of the following makes of Cord or Fabric Casings:

Kelly-Springfield Firestone
Goodyear Federal

This offer will hold good only a short time and is subject to be withdrawn at any time.

The Tires and Tubes offered in this sale are all fresh and new stock; I have no old stock to offer; practically all have been received since the first of the year.

The prices quoted in this sale will be cheaper than these same makes of tires sold for in 1918 or 1919.

Remember, there will be no service rendered on tires sold in this sale. Just simply come in, pick out the size and make of tire you want, pay the price of the casing only, and get your

GREENFIELD COUPLE WEDDED HALF CENTURY

Mr. and Mrs. Isaac Barton Celebrate Fiftyth Wedding Anniversary—Other Greenfield News Notes of Interest.

Greenfield, April 6.—Mr. and Mrs. Isaac Barton celebrated their fiftyth wedding anniversary at their home Tuesday. At the noon hour a family dinner was served and in the afternoon they kept open house, during which time many old time friends extended congratulations.

Mrs. Barton was Miss Martha Dowland and they were married at Chesterfield, Ill., March 30, 1870. They are the parents of three children, Ernest and William of Greenfield and Rolland of Springfield. Mr. Barton is 80 years of age and his wife is 71 and they are both enjoying the best of health.

The revival services at the Methodist church are increasing in interest. Mr. Linden, the singer, has a splendid voice and is an enthusiastic leader. Friday night he pulled off quite a stunt with a sugar barrel, making it into a violin with only a D string on it. He played several hymns very beautifully on it.

Misses Bessie Hawkins and Anita Metcalf came home this week from Galesburg, where they are attending Knox College, to spend the Easter vacation with home folks.

The ladies of the Presbyterian church gave their pastor, Rev. and Mrs. N. L. New, a reception at the home of Mrs. M. E. Johnson Tuesday evening. Those present enjoyed music and a very pleasant social time.

Thomas T. Ford went to St. John's Hospital, St. Louis, Wednesday for treatment. Mr. Ford has not been well since he was called here from Florida on account of the death of his son Ralph, some weeks ago. On account of his weakened condition he was compelled to make the trip in an invalid's chair. He was accompanied by Dr. J. O. Bulger

and Mr. and Mrs. J. B. Parks.

L. L. Tucker was a business visitor in Springfield Friday.

Miss Virginia Gobble of Monticello Seminary, Godfrey, has been spending a few days' vacation with her parents, Dr. and Mrs. H. W. Gobble.

Mrs. Maria Sargent died at the home of her daughter, Mrs. E. K. Metcalf, March 29. She was 85 years, 1 month and 10 days old and was the eldest child of Mr. and Mrs. Elliot Braly. She was united in marriage at Carlinville to Jacob Sargent who preceded her in death nine years ago. This union 5 children were born. Funeral services were conducted from the Metcalf home Wednesday. The services were in charge of Rev. W. W. Henry. The remains were taken to Carlinville for interment.

Those from here who attended the funeral of Mrs. Troy Kesinger at White Hall Monday were Mr. and Mrs. J. L. Kesinger, Lynn Kesinger, Wm. Kesinger, Dr. and Mrs. J. A. Cravens, Mrs. Fred Hill and Miss Adeline Coates.

George W. Rives died at the Nazareth home in Alton March 29, at the age of 82 years, 5 months and 13 days. The deceased was born on the old Rives homestead six miles southeast of Greenfield and was the son of Rev. and Mrs. James Rives. He was united in marriage to Jemimah Beal and they were the parents of ten children, nine of whom survive. His body was brought here Tuesday. The funeral was held Thursday from Asbury church and interment was made in the adjoining cemetery.

Guy Secor sold his house in the south part of town to Mr. Ross, formerly of Jacksonville. Consideration \$2,000.

Miss Emily Cravens of Shurtliff College spent Sunday with her parents, Dr. and Mrs. J. A. Cravens. She was accompanied home by Mrs. Horace Goodsell and Miss Blanche Jones.

Albert B. Steiner, of St. Paul, Minn., who declares he is now able to do twice the work he could before taking Tanlac and that his sister has gained sixteen pounds.

"Talking about things that help people, I have just received a letter from my sister in Waterloo, Iowa, telling me she has gained sixteen pounds in weight by taking Tanlac," said A. B. Steiner, 460 East Page street, St. Paul, Minn., recently.

"My sister was on a visit to me a short while ago, and as she was suffering from stomach trouble some one advised her to try Tanlac, which she did, and as I saw the great benefit she was getting from it I decided to try it myself. For I had been troubled with my stomach for the past two years. I had a very poor appetite, and the little I did manage to eat seemed to lodge right in the pit of my stomach and sour. I would bloat terribly after eating and have the worst sort of cramping pains in my stomach and at times I had such bad attacks of heartburn I would nearly go wild. My back gave me a lot of trouble, and I had such intense pains in the small of my back I could hardly bend over. To add to my other troubles, about two months ago I began to suffer with rheumatism in my shoulder blades and arms, which got so bad I could hardly do my work and could not even put on my coat without assistance. I was so nervous I could get but little sleep and would roll and toss from one side of the bed to the other all night long, and would get up in the morning all tired out. I was so badly run down and had lost so much weight I was so weak I could hardly get about at all.

"Well, while I have taken only five bottles of Tanlac in all my improvement is simply remarkable. I have such a good appetite I am happy all the time, and my stomach is in such a splendid condition I can eat anything I want without suffering the least bit from it afterward. The pains have all gone out of my back and I, even, have the least sign of the rheumatism. In fact, I never have an ache or pain of any kind. I sleep as sound as a log every night and have gained in weight and strength until I can do twice as much work as I could before taking Tanlac. Yes, sir, I can recommend Tanlac after what it has done for me, and I know it will do the same for others if they will only give it a fair trial."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.
